(Sender's complete address above)

Hello Mrs. Manley.

How's the baseball team coming along have not seen any paper to find out how the standing is, but I hope that you've right up there. May be next ~~season~~ year this time it'll be all over and you'll have us all back. There is not much to tell you, because this place is lost as far as sports and what not, however I am making the best out of it. My mother has been kinda sick so with that on my mind I have not been doing much writing. I hate to think about it, but mother is all I have so naturally I worry about her. Say hello to the boys for me also Mr. Manley.

Yours Truly  
Larry
